
QHSE POLICY STATEMENT

Commitment

MSIS Group recognises the need for operating its business and providing the provision of industrial cleaning, waste management and associated services, repair, sales and rental of Oilfield Services equipment in accordance with Customer specifications in a manner that prevents injury or harm to its people, the environment and associated third parties.

All company activities and services will be organised, managed and continually improved through an Integrated Management System designed around the ISO 9001, ISO 14001 and OHSAS 18001 management system standards. MSIS Group expects every employee to comply fully with this policy and actively participate in achieving the stated QHSE objectives.

MSIS Group has implemented a Management Team which ensures that adequate resources are made available to achieve the stated objectives of this policy. Responsibilities have been set at all levels within the organisation and resources have been made available for exemplary QHSE management.

MSIS Group has implemented systems that openly encourage feedback from all employees to participate and help to continually improve the QHSE objectives of the organisation.

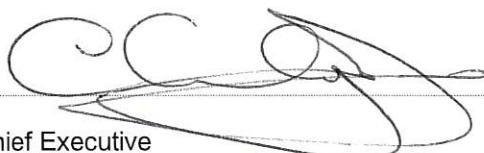

We will continue to deliver high quality and innovative services to meet the requirements of our customers and utilise industry good practice to ensure continual improvement in our services. MSIS Group expects other organisations and individuals with whom we do business to demonstrate the same level of commitment to this policy. This policy will be made available upon request to any interested parties.

Objectives

To achieve the aims of this policy, MSIS Group will;

- Ensure that this policy is implemented, maintained and communicated to all persons working for or on behalf of the organisation.
- Ensure compliance with all legislation and regulations relevant to company activities.
- Consult with our workforce on all matters affecting their health and safety and working environment.
- Ensure that our QHSE objectives are understood by employees at all levels within the organisation.
- Set measurable objectives for QHSE performance and service delivery.
- Provide a framework for reviewing QHSE objectives and targets through regular audit and review of the management system.
- Ensure all employees are competent and adequately trained to carry out their tasks safely, efficiently and to a high standard.
- Ensure that our QHSE practices are not compromised by any external factors.
- Monitor and review the environmental impact of our services and activities to help prevent pollution.
- Periodically review this policy for suitability and effectiveness.
