

MSIS

TRUSTED SPECIALIST

TANK CLEANING PACKAGE

The MSIS Tank Cleaning Package is a mobile, self-contained, offshore pit cleaning solution, which is fully equipped and securely stored in a mini container. MSIS also provide the opportunity to tailor the Tank Cleaning Package contents to meet individual cleaning requirements.

- Closed loop system – reduces the risk of environmental spills
- Can reach vertical depths of up to 55m
- Robust unit meeting all the requirements for use in a Zone 1 hazardous area
- Conforming to ATEX Group II Category 2G IIB T4
- Five rope sling assembly

OVERVIEW

- Toftejorg rotary jet tank cleaning machines to reduce man entry time and pumps to remove the resulting waste
- Bespoke systems can be tailored and designed to your specific requirements

With an established reputation for quality, reliability and service, we do not let our clients down. Our ESR team is available 24/7 to ensure the provision of a rapid response service, ensuring that we consistently meet our clients' operational objectives.
